Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Honolulu and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

## U. S. DEPARTMENT OF AGRICULTURE—WEATHER BUREAU.

The following data, covering a period of 29 years, have been compiled from the Weather Bureau, and McKibbin records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month July for 29 years.

TEMPERATURE. (1880-1905.)

Mean or normal temperature, 78°

The warmest month was that of 1900, with an average of 79°.

The coldest month was that of 1894, with an average of 76°.

The highest temperature was 85° on July 28, 1900.

The lowest temperature was 63° on July 1, 1899.

PRECIPITATION (rain 1877-1894, and 1905.)

Average for the month 1.45 inches.

Average number of days with .01 of an inch or more, 14.

The greatest monthly precipitation was 6.05 inches in 1880.

The least monthly precipitation was 0.34 inches in 1882.

The greatest amount of precipitation recorded in any 24 consecutive hours was 3.17 inches on July 12, 1880.

RELATIVE HUMIDITY\*

Average 9 a. m. 65%; 9 p. m. 72% (1893-1904); average 8 a. m. 68%; average 8 p. m., 72% (1905.)

CLOUDS AND WEATHER (1890-1905.)

Average number of clear days 13; partly cloudy days 17; cloudy days 1.

\*VIND.

The prevailing winds have been from the northeast.

The average hourly velocity of the wind during July 1905, was 8.8 miles.

The highest velocity of the wind during July, 1905, was 27 miles from the northeast on the 6th.

Station: Honolulu, T. H.

Date of issue: June 29, 1906.

(T. F. D.)

\*9 o'clock averages from records of Territorial Meteorologist; 8 o'clock averages from U. S. Weather Bureau records.

WM. B. STOCKMAN, Director, Weather Bureau.

ARRIVING.

Sunday, July 8.

Stmr. Likelike, Naopala, from Molokai, Maui and Lanai ports due in morning.

Stmr. W. G. Hall, S. Thompson, from Kauai ports, due early in morning.

PASSENGERS.

Booked To Depart.

Per S. S. Alameda, July 11, for San Francisco—Mr. and Mrs. T. F. Drake, Miss Z. McLean, Miss R. Burpee, Mrs. R. Groves, Miss Mills, Mrs. P. E. Chamberlain, Miss M. K. Harris, Miss L. E. Ayer, Miss E. Rath, Warren Wilson and wife, J. H. Brown and wife, Miss E. Gay, Miss V. Knudsen, C. Bolte, Mrs. F. G. Kraus and 3 children, Mrs. S. L. Brash, Malcolm McIntyre, Donald McIntyre, Jeanette McIntyre, Miss M. A. Phillips, Mr. and Mrs. J. C. Riehe, T. B. Reynolds, Mrs. Wieland, Mrs. Zweig, H. A. Weiss, E. C. Campbell, H. Maher, Mrs. W. M. Langton, Mr. and Mrs. F. Thomas, Gordon Miller, W. C. Clark, James Duckworth and wife, Mrs. Sarah Duncan, Mrs. H. Couzens, Mrs. J. McChesney and 5 children, W. H. Bailey.

ALLEGED DESERTER ON THE SHERMAN

JOHN KLINE WEARING A MUSICIAN'S UNIFORM IS CHARGED WITH DESERTING.

John Kline an alleged deserter from the battleship Ohio was left at this port by the transport Sherman yesterday. Kline was a musician and when found aboard the Sherman wore a musician's uniform. He was discovered as a stowaway after leaving Nagasaki. He is supposed to have deserted from the Ohio in Japan.

Kline will be held at the local station until the naval transport Lawton arrives here from San Francisco on her next outward trip. He will then be sent to the Asiatic Station by the Lawton, to stand trial.

WANT NAVY TO MOVE.

Efforts are to be made to induce Congress to make appropriations as soon as possible to enable the naval station to move from its present location in Honolulu to the Pearl Harbor site. The local station could then be used as a public park.

# MISS PRESCOTT VS. CIVIS SECUNDUS

EDITOR OF HONOLULU TIMES TO THE DEFENCE OF THE WINE THAT CHEERS.

CIVIS SECUNDUS.

"And Melchizedek King of Salem brought forth bread and wine: and he was a priest of the most high God."

In the first book of the Bible this is told. It does not say how many besides Abram partook of that Sacrament, which foreshadowed the Last Supper and the Crucifixion. Details are often passed over, in the Bible.

But, enough is told for our salvation. In this brief argument we shall confine ourselves, entirely, to the Bible, "and he who runs may read." "Did Christ make intoxicating wine?" says C. S.

"He did," says the writer of this article. He made the vine; but, shall we eat, of the clusters, until we vomit them up? Nay, my friend. We must learn from childhood to control our appetites, or take the consequences. We are gods, in that we are free-will agents. Do we become brutes and demons—slutts and then blame the Giver for His bounty—for the juice of the grape, and the flour of wheat, the corn and the olive? Ah no, my friend, and a learned!

The Great Mystery, as great as the Incarnation, neither you nor I, can fathom.

But, the juice of the grape is forever, typical of the blood of our crucified Lord, "slain from the foundation of the world" (Melchizedek!) and the bread is His body, given for the life of the world, (eternal life).

All through the Old Testament, wine is classed with other blessings, as the reward of obedience: "Israel then shall dwell in safety alone; the fountain of Jacob shall be upon a land of corn and wine, also his heavens shall drop down dew."

"Thou shalt plant vineyards and dress them, but shalt neither drink of the wine, nor gather the grapes." (Disobedience). In Leviticus, "and your threshing shall reach unto the vintage, and the vintage shall reach unto the sowing-time," etc. (Obedience).

"That thou mayest gather in thy corn and thy wine and thine oil."

And again, in Deuteronomy, it speaks of the stubborn and rebellious son: "He is a glutton and a drunkard." And, the punishment was, death.

The drinking of wine was not wicked; but, the excess, the intemperance; also, in eating as well as in drinking. In fact, one often leads to the other.

KALAKIELA'S POSITION.

As a result of his opposition to Brown and support of Crabbe, as announced some time ago, Deputy Sheriff Kalakielia was "called down" by his precinct club at a meeting held yesterday. Kalakielia had pledged himself to the support of the club ticket before coming out openly for Crabbe and Achl. Kalakielia withdrew such a pledge yesterday and declared his intention to stand by the Crabbe-Achl ticket. He has considerable strength in the Fifth district and will be quite an aid to both Achl and Crabbe.

CIVIS SECUNDUS.

is, it goes without saying one of the most learned men in Hawaii; he has, too, gone in a way to the bottom of the well and found, Truth. We refer to the article of 28th ult. We would say, however, that not in Honolulu, and not even in California, did we ever find grapes, from which we might express juice, even half teaspoonful, into the palm of the hand, to drink.

However, we know that the clusters from the valley of Eschol as from other parts of Canaan, must have been, fat.

In Southern Europe, today, are such to be found; but, it takes not long, to turn that juice, into wine.

ANNE M. PRESCOTT.

# OLD PRECINCTS FOR PRIMARIES

REPUBLICANS WILL NOT CHANGE LINES UNTIL AFTER THE ELECTION.

Next Friday evening is the time for nominations of precinct officers of Republican clubs, the nominees to be voted for a week later. It has been decided to maintain the old precinct lines, as far as the primaries are concerned. The following letter sets forth the ruling of the party committee on the subject:

"Honolulu, T. H., July 6, 1906.

"Hon. E. W. Quinn, President, 4th Precinct Club, 4th District, City.

"Dear Sir: In reply to your query as to the necessity of the election of precinct officers on the old precinct lines in view of the changes proposed to be made by the Governor, I beg to say, that the biennial precinct elections are definitely fixed by our rules (Art. 1, Sec. 17) and should be held accordingly. On the other hand it will be impracticable to recognize any new precinct lines for the purpose of our primaries or the election of precinct officers at this time, so that it will be necessary for us to adhere to the existing lines until the primaries are over. Immediately thereafter the precincts will have to be reorganized on the new lines and elect officers. The officers to be elected on the third Friday of this month will in precincts whose boundaries may be changed, serve only until the reorganization takes place.

"Your suggestion that the present officers might be formally re-elected or be authorized by vote of the club to serve till after the primaries are over is a good one. It would tend to avoid complications.

"Yours truly,

"A. G. M. ROBERTSON,

"Chairman, Republican Territorial Committee."

SMALL BLAZE THIS MORNING.

An alarm of fire was turned in from Box 14, corner Merchant and Bethel streets this morning shortly after 8 o'clock. Fire had broken out in the rooms on the second floor of the frame building just makal of Schaefer & Co. on Kahanamoku street. The fire was put out before the department arrived. The room in which the fire broke out had evidently been used as a sleeping apartment as there was a dirty mattress on the floor and a pile of clothing in one corner of the room. It was thought by the authorities that a cigarette carelessly thrown into the corner started the blaze. Other rooms on the same floor of the building are used by Leon Renaut and C. F. Peterson as offices.

# Be Not Deceived

There is only one cleanable Refrigerator and therefore GERM PROOF, and that is the Gurney Refrigerator handled by us.

No other make has ever stood the test and by means of the removable ice chamber as well as removable shelves, drain pipes, traps, etc., we have solved the problem.

Assail us where you will you cannot help but admit our claim. All other makes fail when it comes to keeping the ice chamber pure, sweet, clean and germ proof, but

# THE GURNEY

Listen not to idle talk and arguments put forth in favor of cleanable provision compartment. All refrigerators have this feature. You cannot deny that unless ALL COMPARTMENTS can be kept absolutely pure and wholesome that a refrigerator is germ-proof. Go from the provision chamber to the receptacle for the
